JACKSONVILLE

## AVOID A SECOND ACCIDENT

### **Remain Calm. Stop Safely.**

Turn emergency lights on.  
Watch for oncoming traffic.

## CALLS TO MAKE

Call the police, call your insurance carrier.

## IDENTIFY WITNESSES

Ask witnesses for their complete  
address and contact information.

## PROVIDE CONTACT INFORMATION

Exchange insurance and contact  
information with the other drivers.

## STICK TO THE FACTS

Let the facts speak for themselves.  
Tell the investigating officer just what happened.

## TAKE PHOTOS

If your injuries permit, use your cell  
phone or camera to take photos of:

- All four sides of each vehicle.
- Close-up shots of damaged areas.
- People, passengers and witnesses.
- License plates including witness vehicles.
- Skid marks and debris.
- Vehicle interiors.
- Entire scene.

## WHAT IS DISTRACTED DRIVING?

Driving while engaged in any activity that  
diverts a person's attention away from the  
primary task of driving.

### THREE MAIN TYPES OF DISTRACTION:

#### MANUAL

taking your  
hands off the  
steering wheel  
**HANDS**

#### VISUAL

taking your  
eyes off  
the road  
**EYES**

#### COGNITIVE

taking your  
mind off of  
driving  
**BRAIN**

Devices such as cell phones, GPS, and  
tablets/computers are so dangerous  
because they involve all three levels of  
distraction.

Distracted driving is a critical problem that  
has become an epidemic putting us all at  
risk.

Distracted driving is deadly. Federal  
estimates suggest that distraction  
contributes to 16% of all fatal crashes,  
leading to more than 3,179 deaths and  
431,000 injuries in 2014.
